

MEDIC MALAWI – “100 CLUB”

The “100 Club” is aimed at finding 100 people, each making a regular donation of at least £10 a month, thus generating a guaranteed income for the hospital of £1000 a month (the cost of salaries and medical supplies is £2000 a month). Remaining costs are funded by hospital fees, the income from a maize mill on site, and other donations. If you would like to be one of those “100”, please complete the **Standing Order Instructions** below and send it **to your bank**.

If you are a tax payer, you may like to complete the **Gift Aid Form**. This allows Medic Malawi to reclaim tax paid on your donations. When completed, the **Gift Aid Form** should be returned **to the address above**.
